

Using AI "creations" ethics

Question:

Is using AI creations ethical?

Intensions

I DON'T KNOW

WHAT I'M DOING

I KNOW EXACTLY WHAT I'M DOING

Argument:

It does not matter

AI is a tool

Examples of tools that
make creating art easier

Layers

Background

Do we argue whether
a brush has intention
to create something?

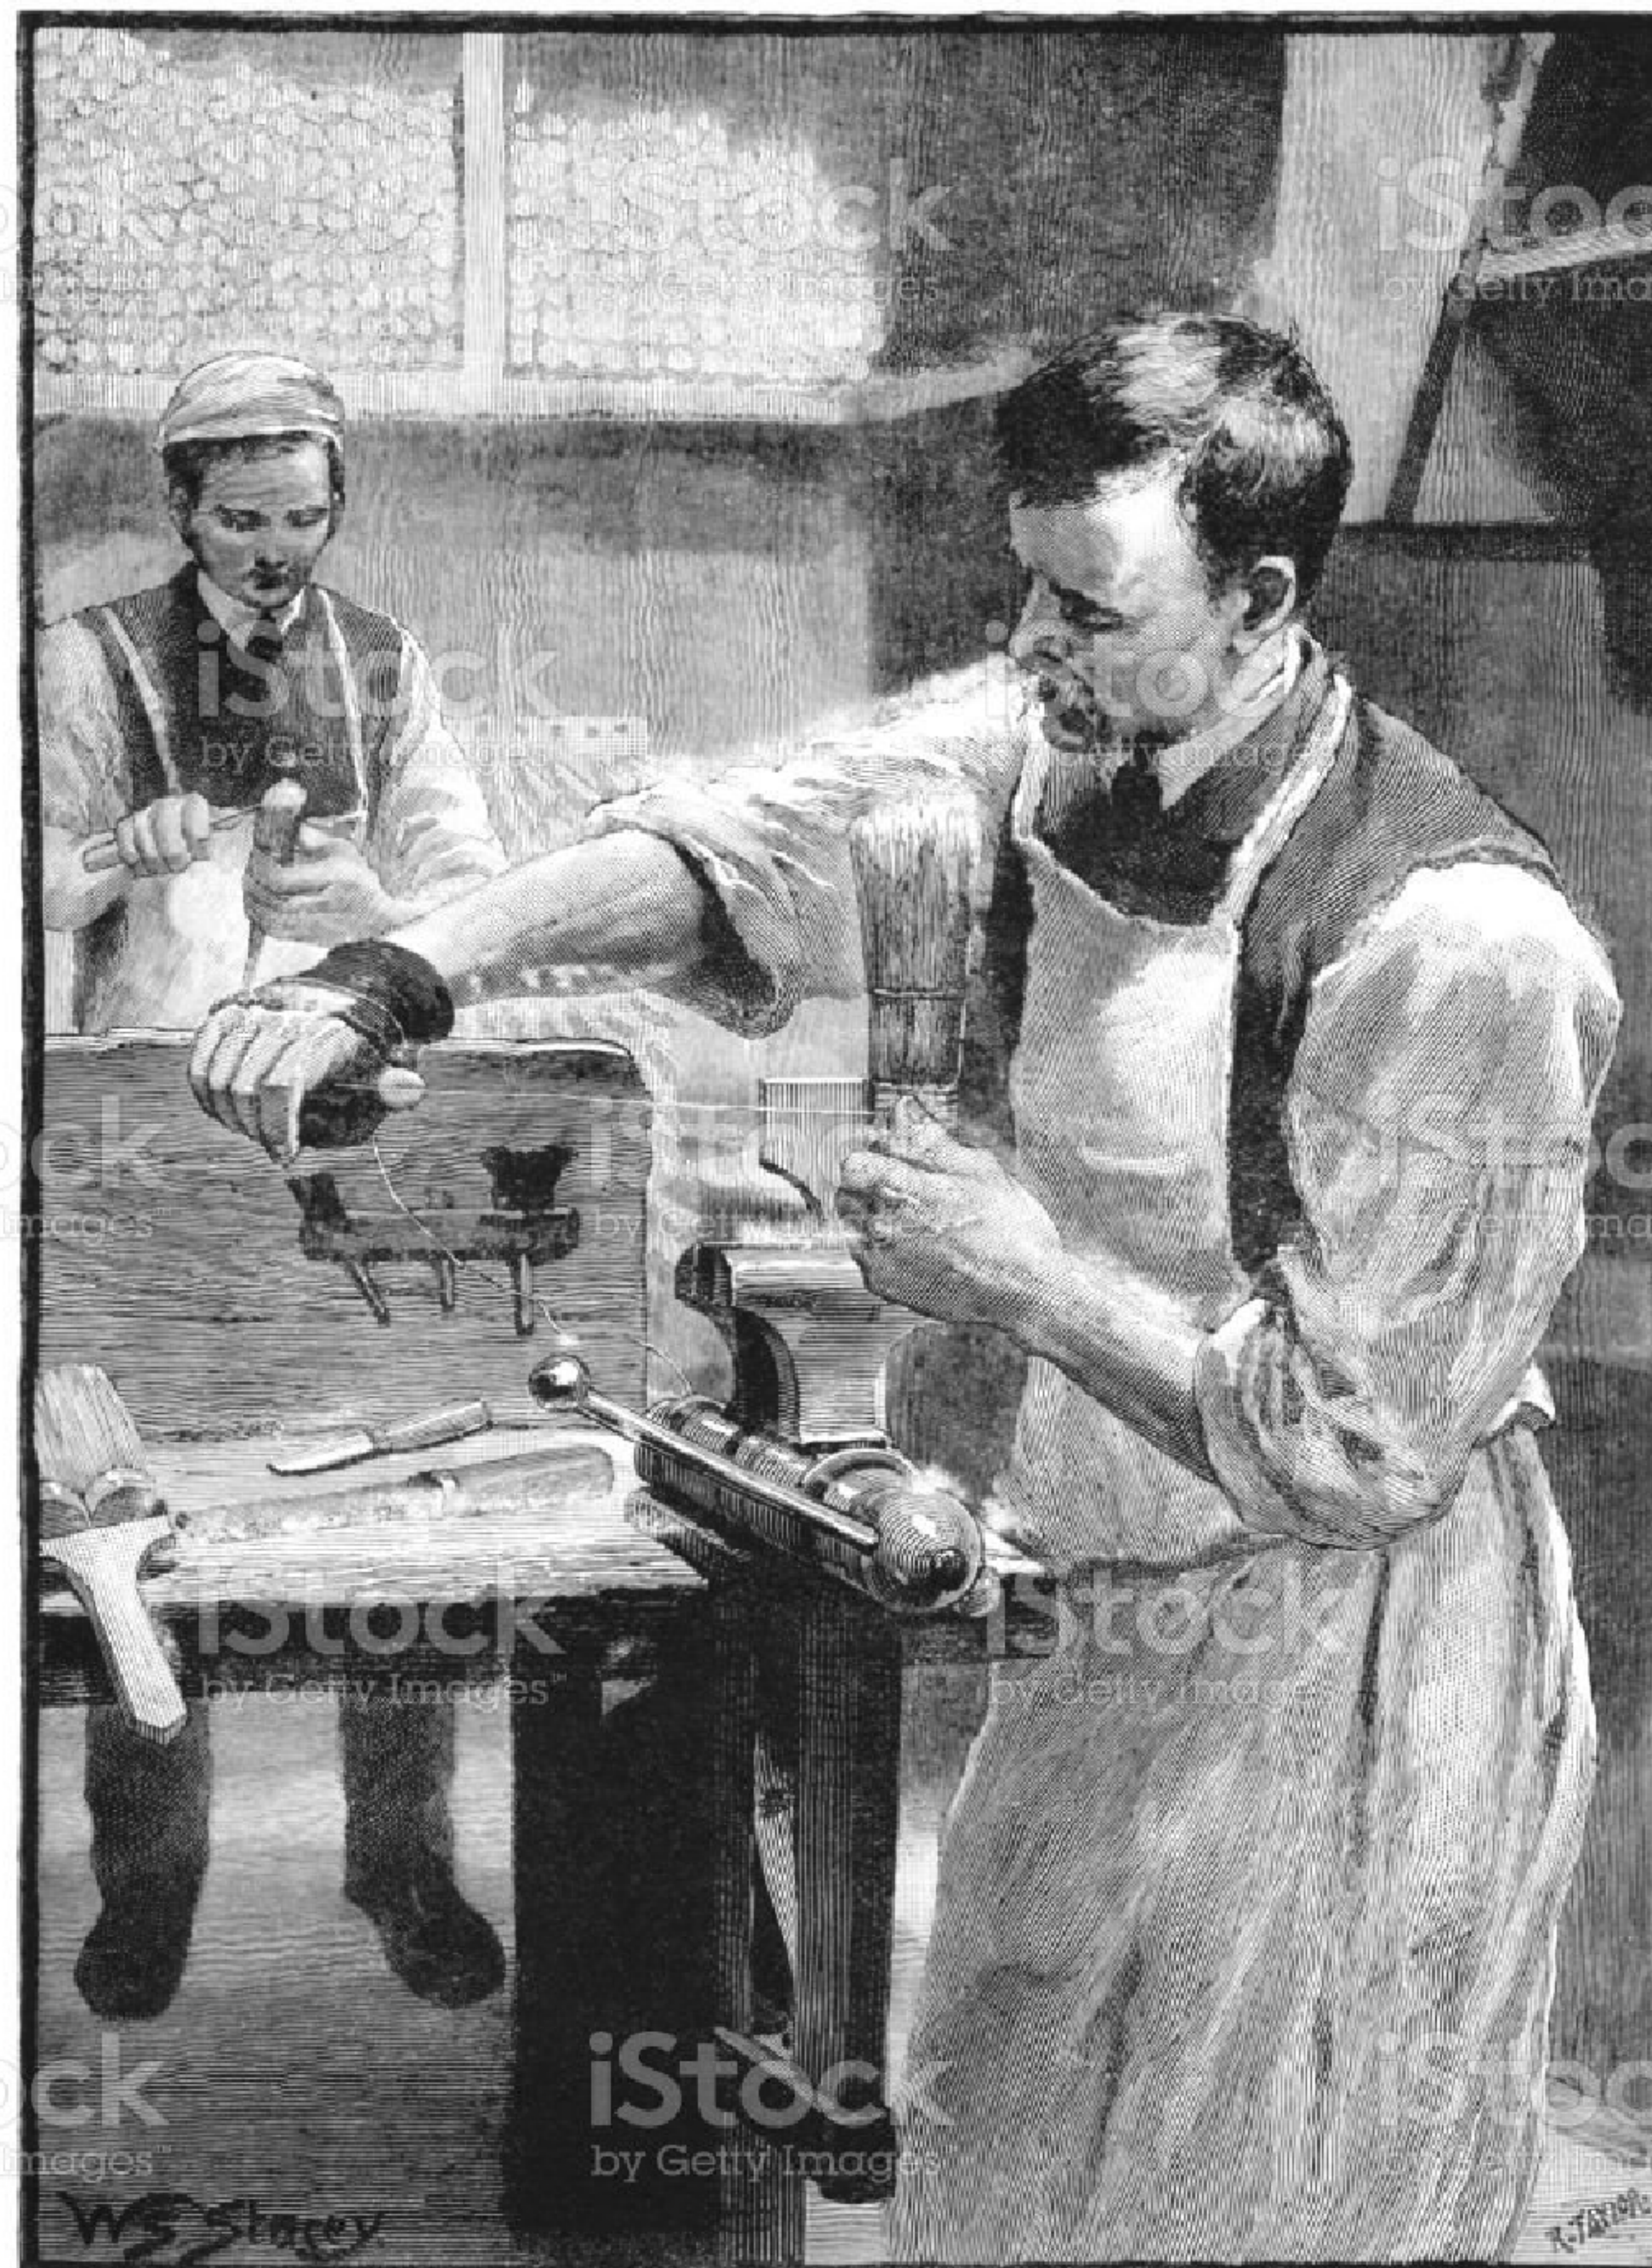

skill issue

AI creations **NEED** human input

Steps necessary to create AI art:

- Collect Data
 - Preprocess Data
 - Train AI model
 - Refine AI model
 - Iterate
 - Provide inputs (not stupid)
-

ready-made AI

1134715927

THE PAINT-BRUSH MAKER.

[By W. E. Stacey.]

What about

(insert your profession here)?

This is nothing new

Automation happens

Jobs that are either
dead or dying

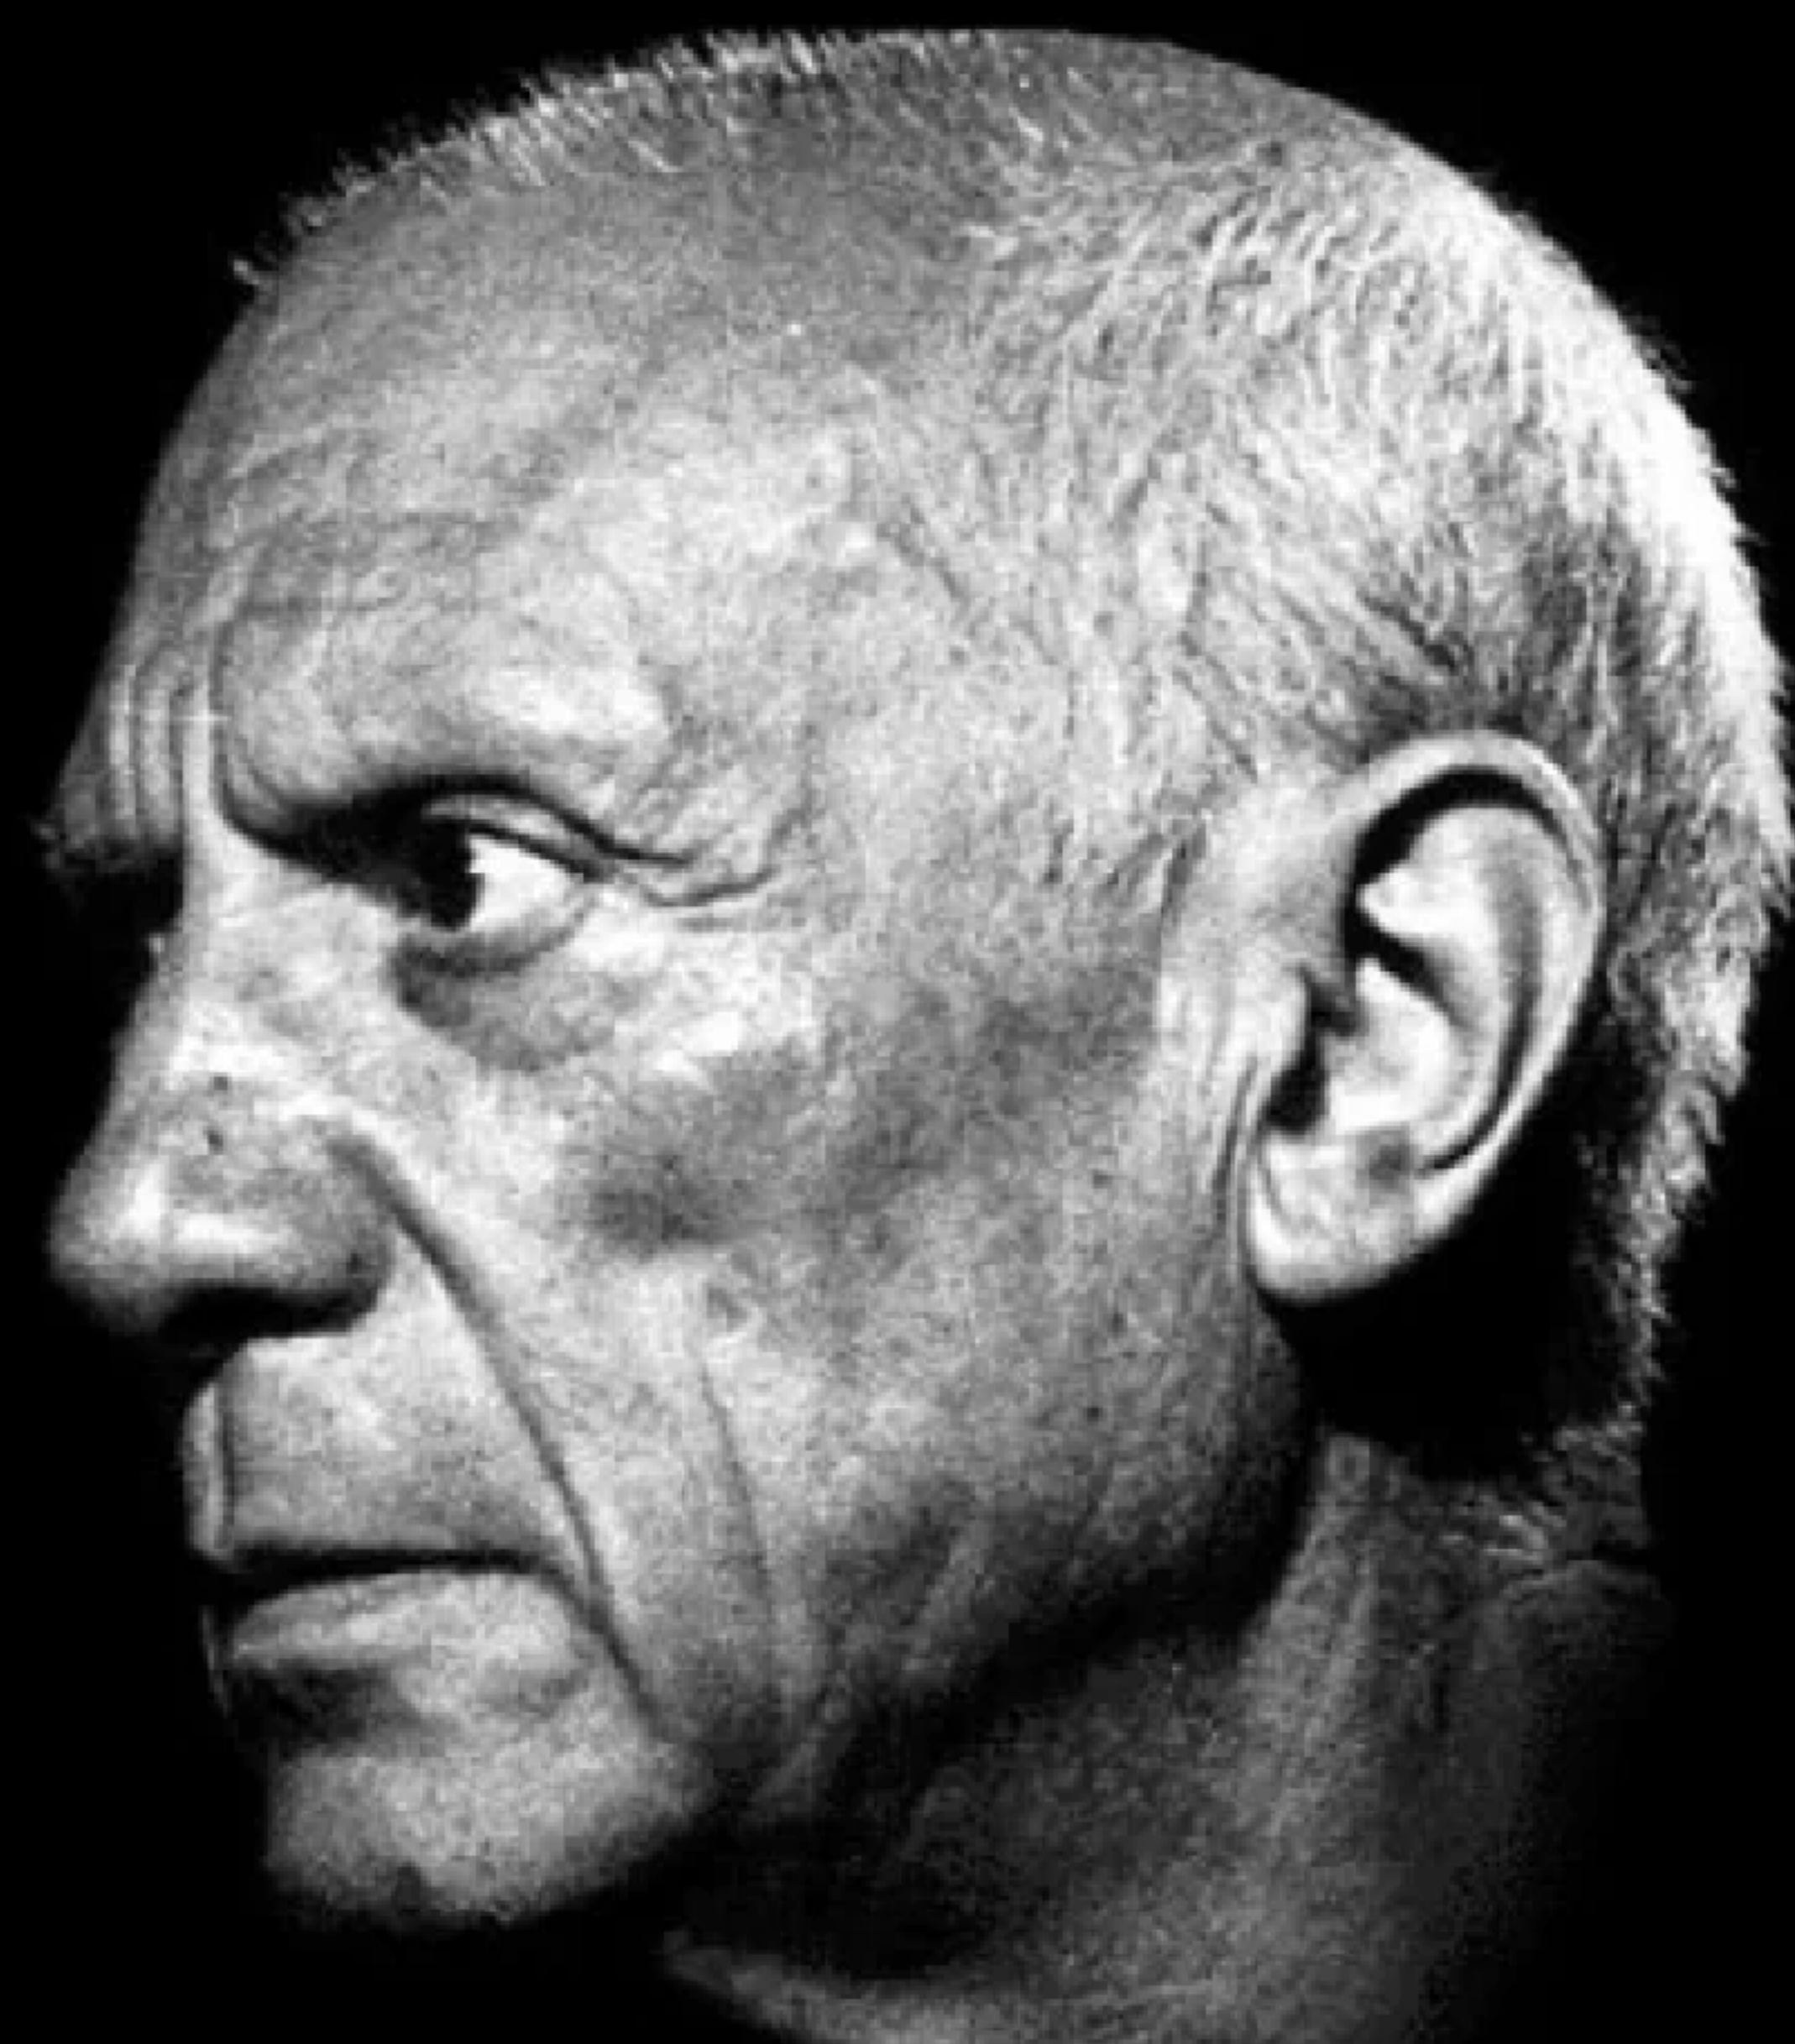

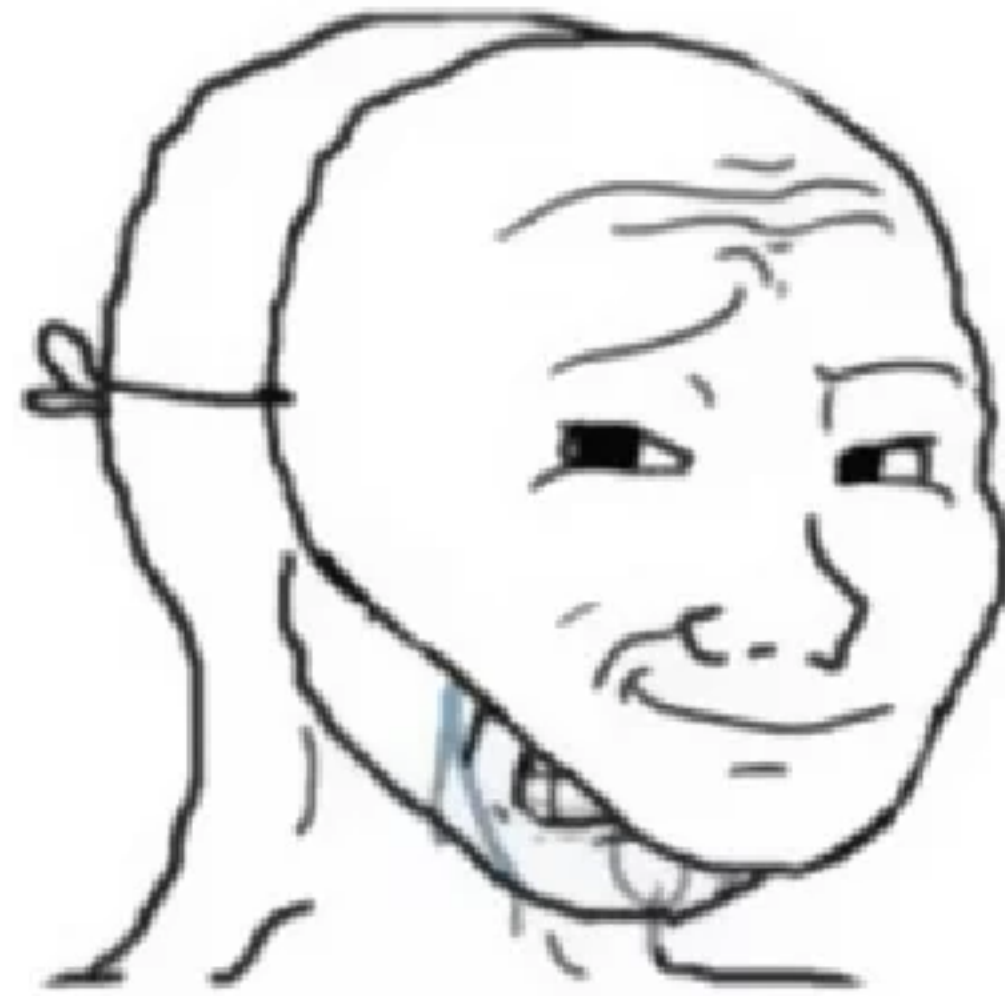

AI uses human work

So are humans

**Good artists copy.
Great artists steal.
~ Picasso**

DESIGNERS

Look, we have similar ideas.

No! You stole my idea.

PROGRAMMERS

Man, I stole your code.

It's not my code.

AI != humans

AI creators (human)
use human work

AI errors

Hi Dexter is dead
10:10

Hi dexter is ready now!! Sorry stupid
auto correct

10:11

MMS 10:13

He's had a great time x
10:13

Enter message

Bad workman always
blames his tools

Unoriginality

elusive originality definition

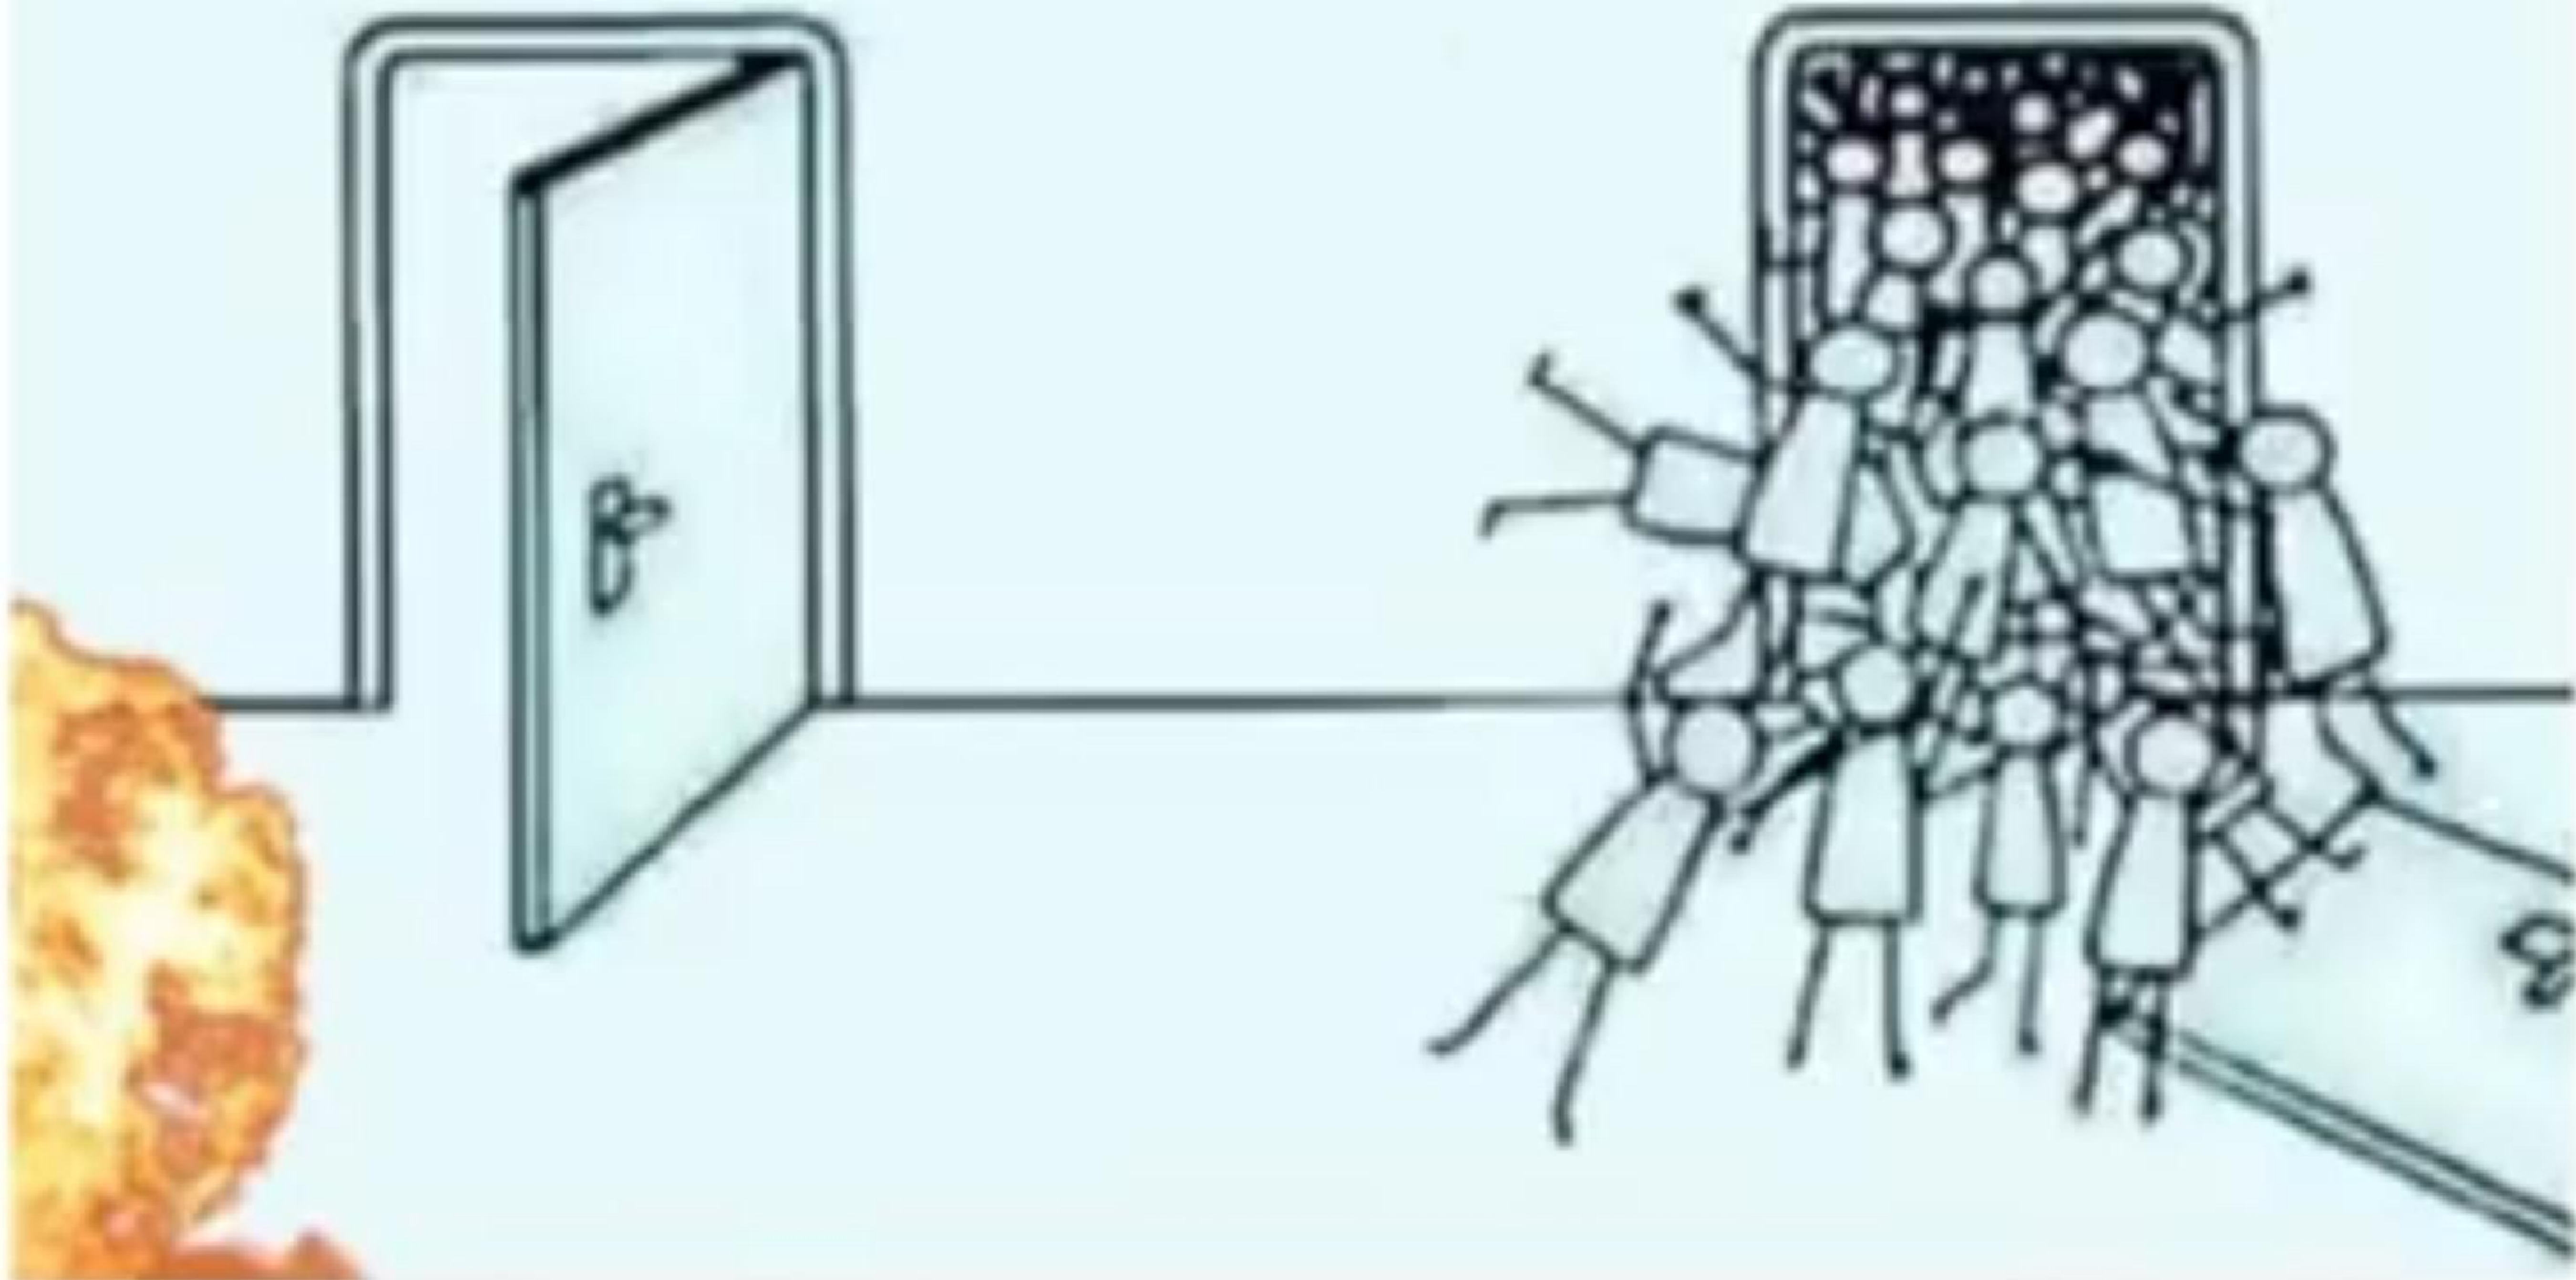

Humans can be unoriginal too

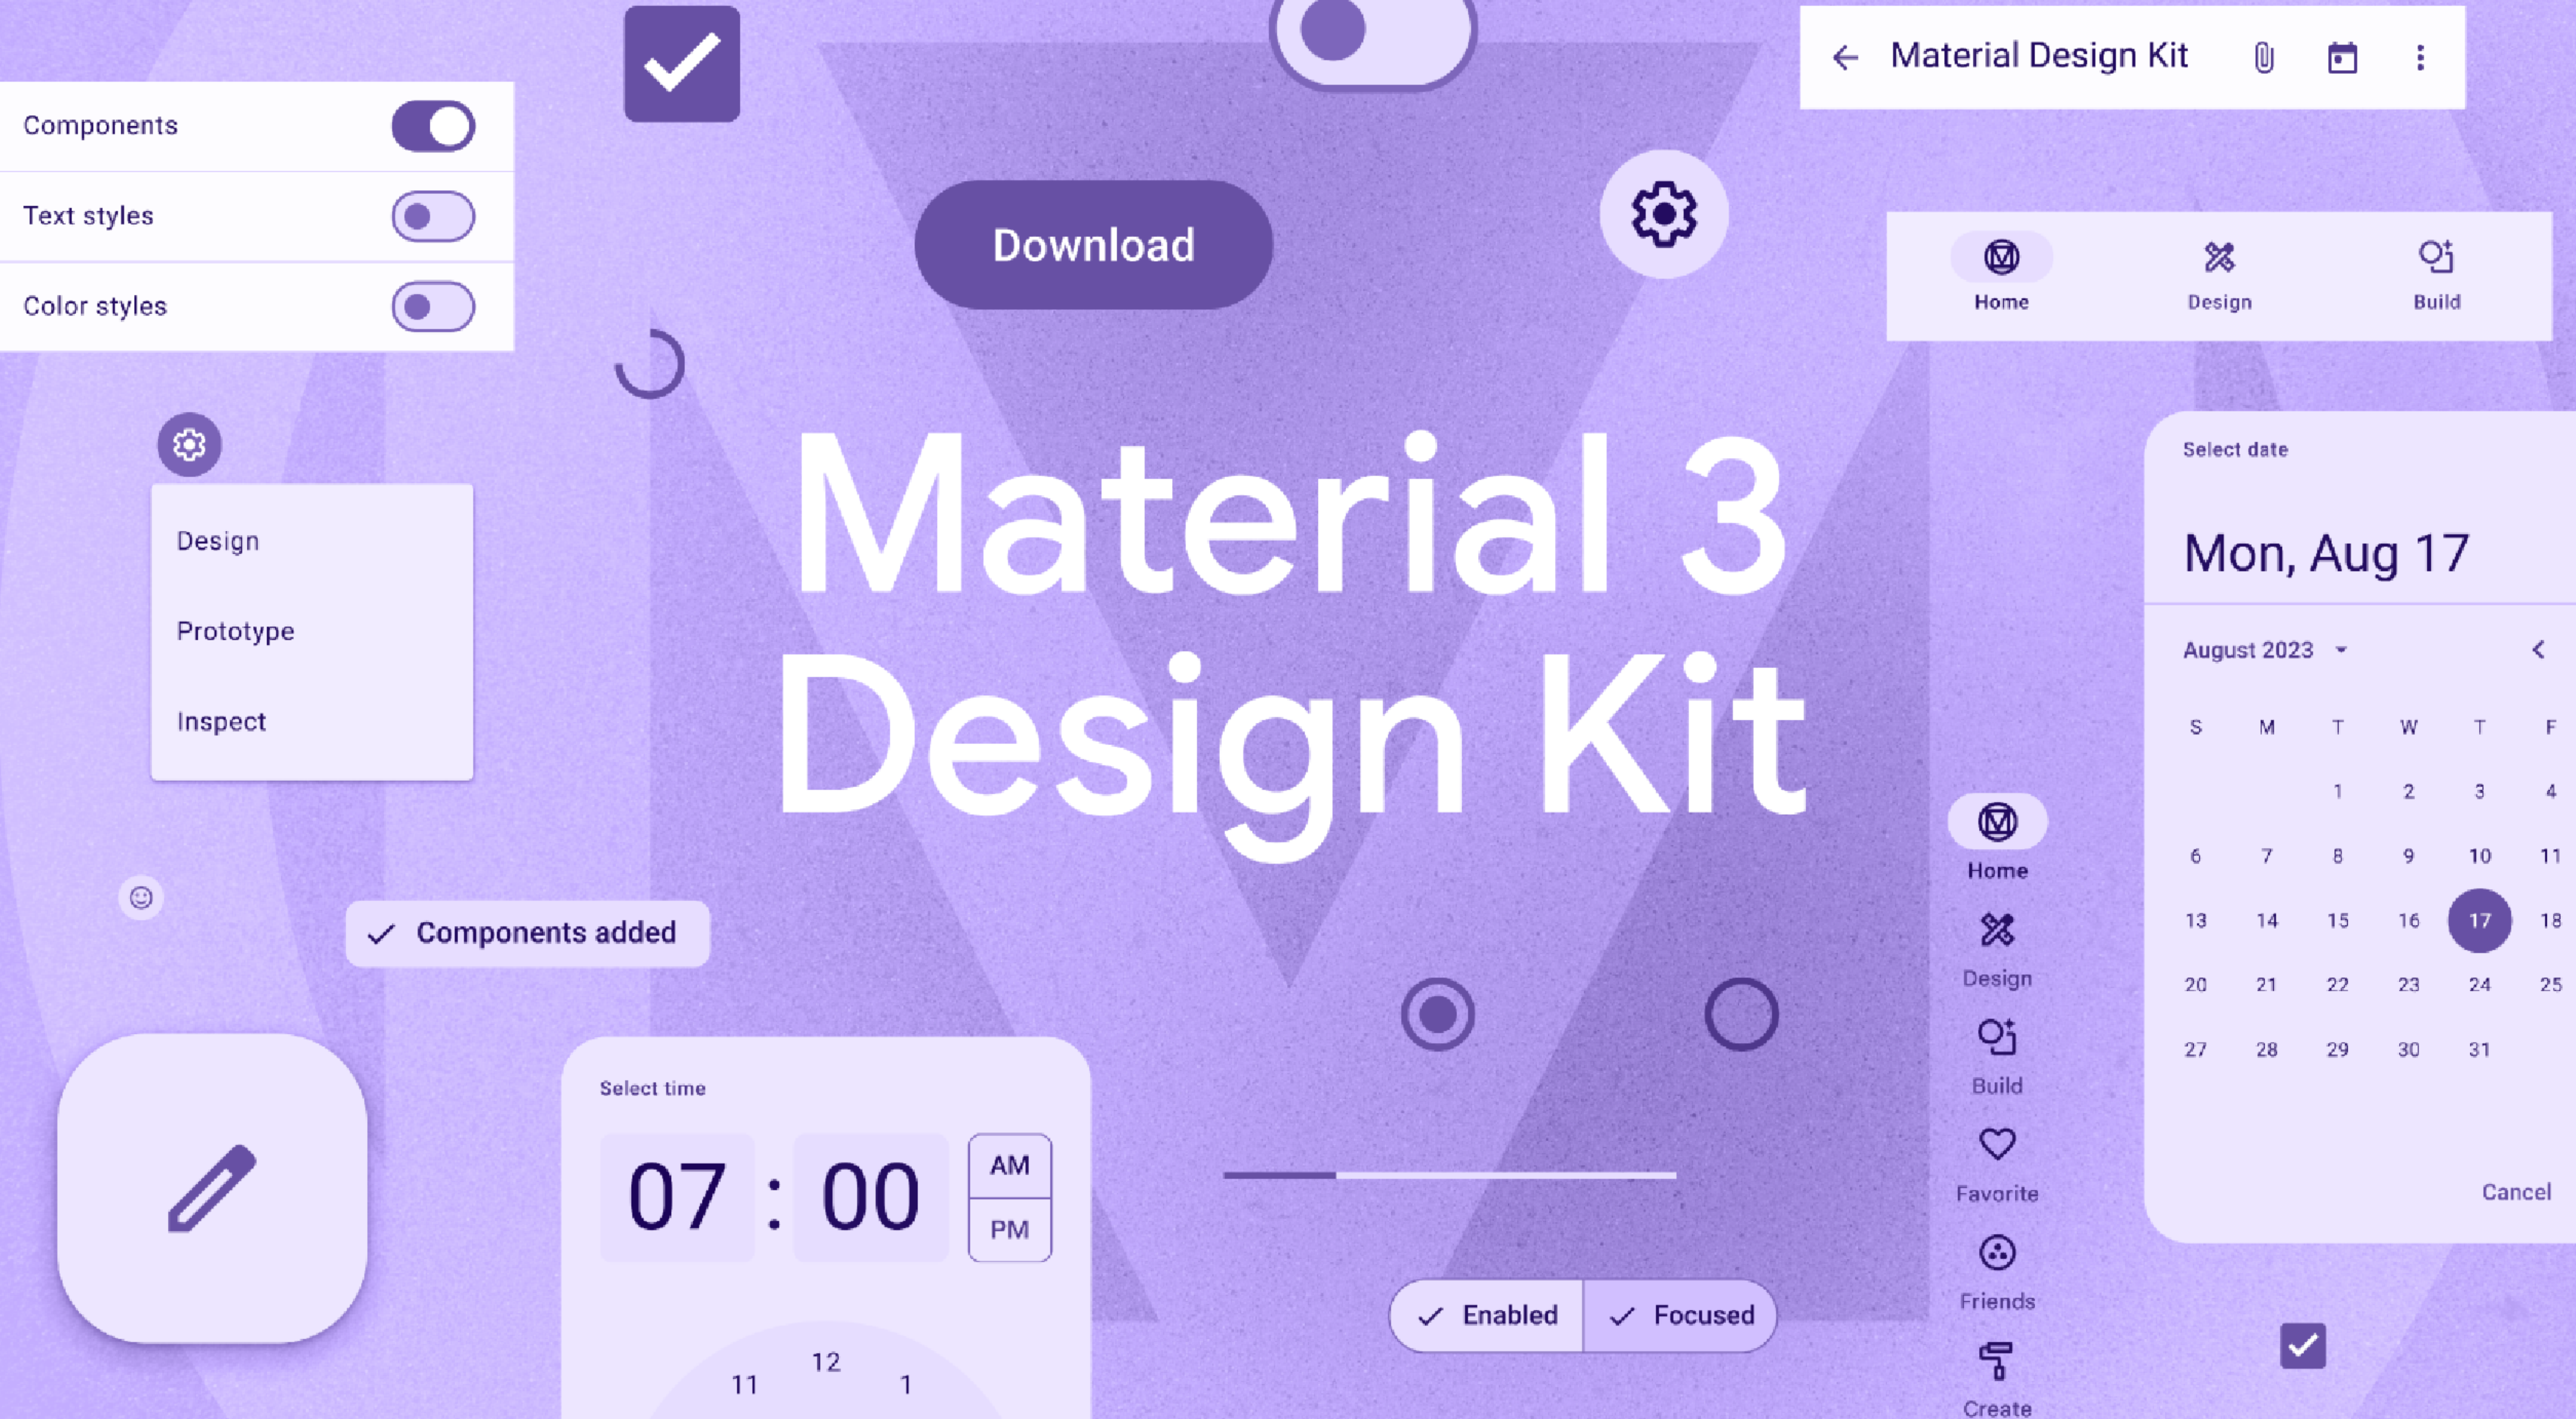

Is it always bad?
